WEBINAR
Managing Congestive Heart Failure
10:00—11:00 a.m.
Tuesday, February 20, 2018

Program Registration
WVHCA Member Rate............................... $39
Non-WVHCA Member Rate ................. $78
Please register online at www.wvhca.org
Participants will receive dial-in instructions before the webinar.

Description
Cardiovascular disease is the largest diagnostic category for nursing home residents. During the Webinar, Dr. Donald Lilly, a Cardiologist at Charleston Area Medical Center, will focus on transition of care and the prevention of re-hospitalization.

Learning Objectives
• Develop a plan to provide “evidence-based practice care” for residents and decrease the need for re-hospitalization
• Determine the classification of heart failure by activity level
• Identify care goals
• Collaborate with Palliative Care providers as indicated and inform residents/families about its benefits

Dr. Don R. Lilly, MD, FACC
Dr. Donald R. Lilly, a Cardiologist, is Associate Chief Medical Officer at Charleston Area Medical Center. A magna cum laude chemistry graduate from West Virginia University, he received his medical degree in 1980 at WVU. He completed a cardiology residency in 1983 at the University of Virginia Hospitals.
